

## ADVANCED WELLNESS CENTER OF PA

*Alternative Solutions to Chronic Health Problems*

[www.AdvancedWellnessCenterofPA.com](http://www.AdvancedWellnessCenterofPA.com)

To Whom It May Concern:

Do you find yourself frustrated with rising healthcare costs and declining employee productivity?

Did you know that according to the National Institute for Occupational Safety and Health:

- More than \$300 billion is spent annually in America on stress-related job compensation claims, reduced productivity, absenteeism and medical expenses. That's more than \$10,000 per employee!
- 25% to 40% of all U.S. workers suffer from stress-related job burnout! Employee productivity is directly connected to employee health and well-being.

*It isn't surprising that stress makes people less productive. What is surprising is that some businesses still aren't doing anything about it.*

At Advanced Wellness of PA, we are responding to this need with our onsite massage program to help you reach the leading edge in health and wellness benefits. Advanced Wellness of PA specializes in on-site massage therapy that is designed to be convenient and beneficial to you and your valued employees. Our skilled massage therapists come to your place of business when it is convenient to you, all you need to provide is the space.

The benefits to your employees are numerous: stress reduction, improved focus and problem solving, optimal health and well being, minimizing the need for medical intervention. The benefits to you, the employer, are equally rewarding: increased productivity at work, increased employee/customer satisfaction, reduced sickness/absenteeism, and heightened employee morale. It really is a win-win situation for all.

We invite you to browse through the details of the program. We will contact you in a few days to discuss how we may better serve you in your place of business. You may reach me personally at 215.676.0104 or [info@AdvancedWellnessCenterofPA.com](mailto:info@AdvancedWellnessCenterofPA.com). We look forward to being your partner in wellness by providing your employees keys to better health and better lifestyles.

Sincerely,

Dr. Christopher Walcott, Program Director and Staff

**P.S. If improving employee morale and productivity is directly related to your company's bottom line, then we can help! Give us a call today at 215.676.0104.**
